

## RESTRICTIONS ON PRODUCTION OF COKE REMOVED; THE BAN ON LIGHT, HEAT AND POWER LIFTED

Normal Order of Operation at Plants to be Restored After One Week's Curtailment Which, at Some Plants, Amounted to 50 Per Cent; Merchants and Manufacturers Relieved of Light and Power Conservation. But Care in Use is Enjoyed.

### TRAIN SERVICE TO BE RESUMED ON MONDAY

According to official announcement made from the local offices of the Baltimore & Ohio railroad this morning the regulations imposed by the Fuel Administration, acting through the Railroad Administration, with a view to conserving bituminous coal, have been discontinued. At the same time the restrictions placed upon the manufacture of coke, which became effective on Monday, have been removed. The latter action has been authorized in a statement issued by L. W. Baldwin, director of the Allegheny region, which includes all the railroads serving the Connellsville coke region. Director Baldwin's statement, as transmitted by C. W. Galloway, federal manager, Baltimore, is as follows:

"Advice has been telegraphed tonight to all federal managers that Fuel Administration's order of December 8th, restricting use of heat, light, and power are cancelled in Allegheny region, effective at once.

"Restrictions as to production, distribution and use of coke with exception of port embargo have been removed.

"The distribution of bituminous coal by the regional coal committee will continue."

This statement will have the effect of ending restrictions in placing coke cars at the plants on a limited number of days, which was the method by which coke production was being curtailed. At the beginning of the week the reduction was equivalent to 25 per cent, but yesterday and Thursday cars were placed by several of the railroads in such proportions as would result in cutting coke production to 50 per cent of capacity. Several plants had planned to blow out a number of ovens today with a view to better meeting the requirements. But the announcement of the restrictions caused them to keep the ovens in service.

Director General Walker D. Hines authorized the following statement:

"The conservation order of December 8, 1919, restricting the use of heat, light and power generated or produced from bituminous coal or coke was issued to make uniform in all parts of the country the restrictions which had already been adopted in many parts of the country and to save coal and coke."

"Until the production of bituminous coal becomes normal it is vitally necessary that it be conserved in every way possible and even after production reaches normal it will be necessary to continue to conserve coal, coke and gas in production and distribution. It is estimated that during the week of December 8th, 1919, the coal and coke strike, it is important, therefore, that the public exercise the greatest caution in the consumption of coal."

"It being the desire to remove restrictions as rapidly as possible, the conservation order of December 8th has been modified today to permit resumption as conditions warrant of the supplying of light, heat and power restricted by this order."

"Coal, now being moved and will continue to be moved from the east to the west in as large quantities as the relative situation in the two sections permits."

"The first increase in production that has resulted from the termination of the strike of the coal miners, has been in the east, where already the bulk of the production was being obtained."

"Conditions in the several regions differ and accordingly the order of December 8th will be modified on recommendation of the regional directors as their respective situations may permit."

"Regional directors have been instructed today to restore as far as service removed or curtailed because of the strike the situation as soon as the general coal supply in their respective regions justifies, in their judgment, doing so, subject to such exceptions as may be ordered by the railroad administration in Washington."

"On account of the improvement in production of bituminous coal the order issued by the fuel administrator on December 8th, restricting the use of heat, light and power produced by bituminous coal and coke is cancelled in the Allegheny region. This cancellation, however, does not affect orders issued prior to December 8th, respecting delivery of coal to plants which are not in the first five priorities."

### LABOR OUSTS REDS

Americans Point Way and Common People of Hungary Do the Best. By Associated Press.

SAN FRANCISCO, Dec. 13.—Captain C. C. Gregory, who as representative of the United States Food Administration in Central Europe was credited with being partly responsible for the overthrow of Bela Kun, Dictator of Hungary in Budapest, said in a statement made public today that he and his fellow officers had been in the hands of the Hungarians.

Captain Gregory said the American committee simply showed the labor leaders "Bolshevism was wrong" and showed Bela Kun that the food situation was in the hands of the Americans.

Former Governor William A. Stone is so ill at his home in Philadelphia that he will be unable to attend the funeral of his wife tomorrow. The former chief executive of the state is suffering from a very severe cold.

## SEVEN MILLIONS IN AUSTRIA FACE FAMINE-RENNER

Chancellor of the Republic Says He Dare Not Leave Paris Without Assurance of Food.

By Associated Press.

PARIS, Dec. 13.—Failure of Dr. Karl Renner, chancellor of the Austrian republic, to obtain immediate aid from the peace conference for his nation, represented as being on the verge of starvation, will force his resignation from the head of the Austrian ministry, Dr. Renner told the Associated Press in the course of an interview today.

"I cannot leave Paris empty-handed. I must go back with the assurance that my people will be fed or else return to resign," Chancellor Renner declared. He said he was highly pleased with his reception by representatives in Paris of the Allied governments before whom he placed the needs of his country.

Dr. Renner declared the question was not a political one but involved "seven million human beings from starvation."

The French government, it is declared in authoritative circles, is favorable to some arrangement by which relief can be given the Austrian people without delay. Dr. Renner said the Austrians had ceased to think about union with Germany and were ready to place themselves in the hands of the Allies.

## FIVE THOUSAND CASH BAIL IS REQUIRED OF MRS. LILLIAN GALLO

If It Is Kicked Marietta Roy Bandy House Counsel Will Be Liberated.

By Associated Press.

Five thousand dollars cash bail was fixed this afternoon by Judge J. C. Van Swearingen and Judge J. C. Work in Uniontown as the price of the liberty from jail for 15 days of Mrs. Lillian Gallo, alias Lillian Danks, who was convicted recently of conducting a bawdy house in Marietta, Pa., near Connellsville. If at the end of that period she does not appear in court the bail will be forfeited.

The ruling of the court followed a motion by Attorney George Patterson, counsel for Mrs. Gallo, for release of the prisoner, now in the county jail, pending disposition of a motion for a new trial.

Attorney Patterson told the court there are a number of reasons to support the motion for a new trial but that he is unable to get the evidence because his client is in jail.

Judge Work, the trial judge in the case, said Judge Van Swearingen then held a conference with counsel for the prisoner and the district attorney and fixed the bail at the sum named.

The case was brought before the court on a habeas corpus action, heard this afternoon.

## VILLA CAPTURES YANKS

Two Americans and Englishman Reported Held by Bandit for Ransom.

By Associated Press.

EAGLE PASS, Tex., Dec. 13.—Two Americans and an Englishman are reported among the men taken by Villa's bandits in raid last Tuesday on Mustang and who are now held for ransom.

The Americans reported held by the bandits were R. B. Ransom, representing the Eagle Pass Lumber company, and Fred G. Hugo, manager of the J. M. Dobbs ranch. One unconfirmed report said the Englishman, whose name was not given, had been released. Advice received here said eight Mexicans also were held for ransom. Ten thousand dollars each, it was reported, was demanded for the release of the Americans and the Englishman and \$5,000 each for the Mexicans.

## THIEVES MAKE RICH HAUL

Twenty-one Thousand Dollars in Gems Stolen in Cleveland.

By Associated Press.

CLEVELAND, O., Dec. 13.—Gem thieves last night obtained loot valued at more than \$21,000 and burglars robbed a tailoring company of \$8,000 worth of woolen goods, Mrs. M. R. Rockwell of Buffalo reported that \$8,000 worth of jewelry and \$600 in Liberty bonds stolen from her room at a prominent hotel shortly before midnight. She told the police she believed she had been drugged.

Mrs. William E. Collier reported a diamond-encrusted bracelet valued at \$5,000 clipped from her arm at a dance at another hotel.

## WILL COME ON TIME

Knights of Columbus Working to Hurry Shipments of Beliefs.

By Associated Press.

NEW YORK, Dec. 13.—Thousands of soldiers' trunks containing souvenirs which their owners wished to give as Christmas presents but which were "lost in the confusion of the return from Europe" will reach the destinations before the holidays as a result of the Knights of Columbus last baggage department.

Working in conjunction with Army authorities the knights yesterday shipped 1,000 trunks and other pieces of baggage, almost all of which their owners wrote, contained intended Christmas gifts.

## ALLIES WILLING TO ACCEPT PART OF RESERVATIONS

Will Go Limit to Compose Difference in U. S. Germans to Sign.

By Associated Press.

PARIS, Dec. 13.—As a result of the conference being held in London by Premier Lloyd George and Clemenceau the American government will be notified that in order to facilitate a compromise between opposing parties in the American signed the Allies are willing to accept as great an extent as possible the reservations to the treaty of Versailles made by the Foreign Relations committee, according to the Matin.

It is said the Allies will do everything possible in order that America may participate in future conferences. Important problems, the newspaper says, will henceforth be settled by a council of the premiers of France, England and Italy. This council will meet sometimes in Paris and sometimes in London and will examine principally the Russian and Turkish problems.

WASHINGTON, Dec. 13.—Frequent conferences between Entente diplomats here have indicated that their governments might be prepared to accept some reservations to the peace treaty in order to accomplish its ratification in the Senate and it is understood that only the illness of President Wilson has prevented him from being so advised by some of them. It has not been known here to what extent the Entente powers might be prepared to go.

At present it may be stated, that unless instructions are received to the contrary none of the Entente representatives in Washington will take upon himself the responsibility of a statement, as to the willingness of the government to accept reservations. They are charged with improper interference in the international political situation.

## EVERY WARD IN CITY TO HAVE AN ALDERMAN READY FOR BUSINESS

Men Now in Office Will Be at Old Locations; New Ones Looking Up Quarters.

Aldermen elected in November in Connellsville are preparing to open offices when their terms begin January 5, 1920. Instead of being confined to three wards, as now, every ward will have an active magistrate.

Harry Hopkins, elected in the First ward, has two places in view in the downtown section, but has not determined which will be taken. He will have an office, he said. Fred Munk will be at the old stand in the Second, S. H. Howard in the Third and W. D. Colborn in the Fourth.

Levi P. Hoover, new alderman in the Fifth ward, will have an office in connection with his present place of business at 321 South Pittsburgh street. Frank O'Connor, Jr., the official-elect in the Sixth ward, has secured a suite in the old Beighly building at Crawford avenue and First street. West Side, and Alex. W. Hart, who was elected in the Seventh ward, will have his quarters in his present building in Eighth street.

## BUDGET TO HOLD OVER

Nothing Done By Rotating Council; Work Will Fall on New One.

Present indications are the making up of a city budget for the year 1920 will develop on the new council, the members of which take their seats the first Monday of January. No steps toward completion of the necessary data have been taken by the members composing the present body.

Under the Clark act the budget is to be made up annually in December.

## INSECT POWDER FATAL

Four Die, Two Others Dying and 35 Ill From Eating It in Cakes.

By Associated Press.

KALAMAZOO, MICH., Dec. 13.—Four inmates of the Kalamazoo county poorhouse died today, two others are dying and 35 are seriously ill from eating pancakes in which insect powder, mistaken for baking powder, had been accidentally mixed last night.

## CONNELLSVILLE TAKES NEW INTEREST IN M'KEESPORT AS POSSIBLE WEALTH LOOMS UP

A couple of months ago Connellsville hardly knew there was such a place as McKeesport. The first real inkling of its existence was gotten when the high school football team from that city defeated Connellsville. But since the astounding gas field was discovered, local people have evidenced an amazing interest in their sister city farther down the Yough.

It used to be that when a patron of the Baltimore & Ohio railroad approached the widow and asked for a ticket to McKeesport, he did it rather apologetically, giving the agent the impression that he didn't want it known that he was going there. Now, every day from 30 to 40, or even 50 persons, wait right up and demand of Agent Ray E. Shaw a passbook calling for "one first class passage" from here to the new mecca for seekers after wealth. And even more than that go down by automobile.

Several hundred city folk have invested sums ranging from \$10 to many thousands in projected McKeesport gas wells and nearly a dozen men are promoting or seeking to promote companies. Hence, the interest in McKeesport. The question on almost everyone's lips is: "Have you bought any gas stock yet?" Most of the answers seem to be in the affirmative.

Not a few who have paid for shares in companies or partnerships that have raised their quotas are eagerly awaiting news as to when drilling will start and there is a tremendous lot of figuring being done as to the possible yield from investments should a big strike be made. The answers, he it known, are very interesting. Some people who had a awful aversion to arithmetic over since school days are taking their little pen in hand and doing sums in multiplication and division. Lots of folks are brushing up on the decimal system so as to determine how much they're going to get a day.

Folks are even reading up on geology, which used to be a most uninteresting subject, and they are getting to use such technical words as "anticline" and "sand" and "rig" and "casing" and never bat an eyelash.

Connellsville knows where McKeesport is now.

## AMERICAN LEGION OFFERS TO COVER DEFICIT IN HOME-COMING CELEBRATION FUND

Nowata, Oklahoma, Wants Legion Recipe For A Minstrel Show

Chamber of Commerce Secretary Writes to Bishop Post for Complete Information.

From far away Nowata, Oklahoma, comes a letter to the adjutant of The American Legion here asking how to go about putting on a minstrel show. The secretary of the Chamber of Commerce of Nowata seeks the information.

The letter states that Nowata has learned that the American Legion here is putting on a minstrel show and the writer, Mr. H. W. Florence, seems to be asking the local production will be a 100 per cent show, for he asks the character of the performance, the kind of overture, solos, olio and afterpart.

At a meeting of the executive committee of the Legion last night, it was decided to turn Harry Percy, head of the minstrel committee, loose on Nowata, with instructions to tell all he knows. If he wants to, he can go down and put the show on for them, or the Connellsville company will go down and show Nowata something, if the latter community will pay the expense.

The question that perplexes the local Legionaires, however, is: How did Nowata find out Connellsville was putting on a show?

Incidentally, the Legion show, which will be pulled off, December 15 and 16, in the high school, is coming on fine. A rehearsal with the orchestra will be held Sunday afternoon in the Elks hall and there will be dress rehearsals January 2 and 3, Tuesday nights, the latter in the high school.

On notice from the revenue department, announcement was made that war tax will have to be paid on each ticket.

## ELECTRIC WIRING AND DECORATIONS BIGGEST EXPENSE

Of the Home-Coming Celebration, the Cost Having Totaled \$5,705.

## MUSIC WAS NEXT AT \$2,174

Pageant Third With an Aggregate of \$1,980.99; Printing and Advertising Involved Expenditure of \$1,001; Dinner to Veterans Cost \$400.00.

An analysis of the expenditures made by the central committee of the Home-Coming Celebration shows that electrical wiring and decorations and other means used to dress the town up for the occasion formed by far the largest single item of the expense. To provide the labor, material and fixtures needed to give the proper setting and illumination along the line of parade and at the scene of the pageant, \$5,705.23 was expended. The West Penn Power company furnished considerable of the material and labor but made no charge for the current consumed.

Music, including the services, traveling expenses and subsistence of the bands from out of town, was the second largest expense, the aggregate of these items having been \$2,174.62. The staging of the pageant, compensation for the author and director, rental of costumes, material used and other incidentals, exclusive of music and printing, cost \$1,980.99. Printing and advertising all features of the celebration amounted to \$1,001.67.

## OPPMAN CONVICTED

Recommendation for Extreme Mercy Made in Bond Sleeker Case.

Lee Oppman was found guilty in court in Uniontown, Friday on a charge of assault and battery preferred by George Gregg following trouble during one of the Liberty Loan drives in which Gregg was a slacker for his refusal to buy a bond and in retaliation for which Oppman threw an iron pig at Gregg, striking him on the head and seriously injuring him. He was recommended to the extreme mercy of the court.

Oppman and Gregg were employed at the shop of Boys, Porter & Company at the time. The company was attempting to get into the 100 per cent club in buying bonds and when Oppman declined, Gregg wrote on the wall, "Oppman, bond slacker." They followed the altercation which ended in Gregg being injured.

Soon afterward Oppman was drafted into the Army and spent a year in France. On the stand Oppman said the reason he had not bought a bond was that he had sought for enlistment in a special call and was expecting to be called at any time. He testified that Gregg had struck him and was beating him when he picked up the pig. Gregg denied this assertion.

## SUBSCRIPTIONS PAID

But Statements for Pledges to War Chest Continue to Amaze People.

A number of complaints have come to The Courier from subscribers to the Fayette County War Chest that they have been repeatedly sent statements for subscriptions long ago paid. Even after explanations have been made by letter and to collectors personally the statements continue to come.

To convince the War Chest headquarters in Uniontown that she had paid, one subscriber enclosed with a letter of explanation her receipt, along with a stamped envelope for its return. She received no reply of any kind and her receipt has not been returned.

Some of the subscriptions were paid in full at the time they were solicited but the records do not seem to have given them credit. Subscribers resent receiving bills after explanation has been made repeatedly.

### BURNED TO DEATH

**Fifteen-Year-Old Girl's Clothing Ignited at Open Grave.**

Thelma Frazer, 15 years old, daughter of Mr. and Mrs. George Frazer of near Snider mine, on the National pike, was fatally burned Friday morning when her clothing ignited from an open grave. She was removed to the Uniontown hospital and died about 1:30 o'clock yesterday afternoon from inhalation of the flames and the effects of the burns.

The young woman remained at home to take care of a younger child while her mother went to the hospital to visit another daughter, Mrs. Charles Gray, who underwent an operation. As there were no other members of the family at home when the accident occurred, assistance could not be rendered until it was too late.

### UNIONTOWN COMING

**Macabees Five Will Open With Fast Countyside Team.**

The Macabees basketball team will open its season on Tuesday evening with the crack Uniontown Independents at the high school gymnasium. It will be the first time in several years that a basketball team of the calibre of the Macabees and Independents have been seen on a Connellsville floor and high class games throughout the remainder of the season are promised.

The Macabees have been rounding into shape for the season. The cream of the city's floor men have been out for the team, and a quietest who can meet the best teams in Western Pennsylvania is being developed.

### THIRD RAINY SATURDAY

**Change Coming by Night, According to Forecast; Cold Wave.**

This is the third consecutive Saturday of heavy rain and consequent adverse effect on business in Connellsville. Two weeks ago there was a flood and last Saturday's conditions were not much better.

Another cold wave is on the way, according to the noon forecast by the weather bureau. Snow is due tonight, it says.

The temperature yesterday rose to 58 degrees and the maximum during the night was 60.

**Payette Boy Football Captain.**  
Harold Hess, a former star on the football team of the Belle Vernon high school, has been elected captain of the varsity team at Penn State. He has played on this team for two years and was in every game of the past season except two, having sprained an ankle two days before the game with the University of Pennsylvania.

**Miss Gilmore Ill.**  
Miss Alice Gilmore, daughter of Mr. and Mrs. J. E. Gilmore, is confined to her home in East Fayette avenue, with an attack of appendicitis and tonsillitis. It is thought by the attending physician that an operation will not be necessary.

**Get Lots of Rabbits.**  
W. O. Porter and M. J. Fabian of South Connellsville were hunting on Thursday and Friday and they brought back a fine bunch of rabbits. They have a rabbit dog which is the pride of South Connellsville.

**Aluminum Set \$11.75.**  
In the advertisement of the Rapoport-Featherman company in The Courier Friday the price of an eight-piece aluminum set was made to read \$13.75. The price should have been \$11.75.

**Daughter Is Born.**  
Mr. and Mrs. Henry Hilsen are receiving congratulations upon the birth of a daughter Wednesday. The family now consists of two girls. Mrs. Hilsen was formerly Miss Eliza Fjellum.

**Child Under Knife.**  
Altha Sullivan, 21 month old child of Mr. and Mrs. Milton Sullivan of Percy, underwent an operation, Friday at the Uniontown hospital.

**Christmas Trees.**  
Arrived today, one car fancy Christmas trees will be on sale at your grocers. Osborne Youngkin—Adv-12-2t.

### C. H. S. WINS FROM GERMAN TOWNSHIP IN OPENING GAME

**McClellandtown Lads Nosed Out by Score of 27 to 21 in a Fast Contest.**

The Connellsville high school basketball team won the opening game of the season last night from the German township lads by a score of 27 to 21. The game was a fast one and C. H. S. took the lead in the first half and held it until the final whistle. German township has been on the floor for several months and the team members have had much more practice than the locals but the C. H. S. team showed fine teamwork and passed the ball all around their opponents. Although the team is practically new, never having worked together before, it surely looked very encouraging the way they took hold and Connellsville can look forward to another fast high school team.

Danner played a good game at guard and both Melnick and Bufano played the forwards like veterans. Mountain, who is a new man at basketball, showed up well at center and when he becomes a little more seasoned should make a crack player. Sam Melnick, playing the other guard, also deserves mention.

Blanc was the star for the township boys, making the most baskets on either side. The line-up was as follows:

C. H. S.	G. T. H. S.
Bufano	F. Blanc
Melnick	F. Kendall
Mountain	C. Blackheiser
Danner	G. Glenn
Bar	Bar

Field goals—Bufano 3, M. Melnick 2, Mountain 3, S. Melnick 3, Blanc 4, Kendall 2, Blackheiser and Bar.

Fouls—Bufano, 5 out of 7; Blanc, 5 out of 12.

Referee—Herwick.

Timekeeper—Lyon.

Time of halves—20 minutes.

### CHRISTMAS

**It's Time to Get Ready For It.**

The bewildering display of beautiful and useful things for Christmas-giving in Connellsville stores reminds us that Old Kris Kingle at this minute is probably loading his sleigh—or does he use a car now?—and will soon be with us. Don't forget, Mr. Santa, that he children expect bank accounts as well as toys and candy, and that you can start a savings account for any child you wish to remember at the old, reliable First National, with \$1 or more.—Adv.

### Should Be Quarantined.

Many physicians believe that anyone who has a bad cold should be completely isolated to prevent other members of the family and associates from contracting the disease, as colds are about as catching as measles. One thing sure—the sooner one risks himself of a cold the less the danger, and you will look a good while before you find a better medicine than Chamberlain's Cough Remedy to aid you in curing a cold.—Adv.

### Licensed to Wed.

Robert Reed Kessler, and Josephine Mary Sweeney both of Connellsville; Alonza Reid Hyatt and Lulu Naomi Morrison of Onioyle, was granted licenses to wed in Cumberland. Mr. Kessler is an automobile mechanic. Mr. Hyatt is a car repairman at Dickerson Road.

### The Grim Reaper

**ROCKWELL STILLWAGON.**  
Rockwell Stillwagon, one of the best known young men of Connellsville, died this morning at 1:30 o'clock in St. Joseph's hospital, Pittsburgh, where he was a patient for the past three weeks. He had been in poor health for about two years. The deceased was born in Connellsville, a son of the late W. P. and Mary Stillwagon, and resided here all his life. Two brothers, Lamar and William P. Stillwagon of Connellsville, and four sisters, Mrs. W. E. Rtee, Mrs. T. L. Krush of Connellsville, Mrs. Harry Griffin of McKeesport and Mrs. T. J. Maloney of Pittsburgh, survive. The body will be brought here and removed by Funeral Director Charles C. Mitchell to the Krush residence in East Crawford avenue. Notice of funeral later.

## STOMACH TORTURE GONE; FIRST SLEEP IN THREE MONTHS

Mr. Heinrichs "Was Ready To  
Give Up. Then He Found  
How to Regain Health"

"My first sleep in 3 months was on the second night after I began using Milk's Emulsion. I had had a bad case of stomach trouble and constipation for years and was ready to give up. I was troubled with gas, distention, bloating after eating, gnawing sensation and cramps in the stomach. Milk's Emulsion was a Godsend to me, and I want everyone to know about a medicine that will cure cases like mine."—C. E. Heinrichs, 702 S. Alabama St., Indianapolis, Ind.

Thousands of sufferers from catarrh of the stomach, indigestion and bowy troubles have found that Milk's Emulsion gives prompt relief and real lasting benefit.

Milk's Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy natural bowel action, doing away with all need of pills and physic. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milk's Emulsion is strongly recommended to those whom sickness has weakened, and is a powerful aid in restoring and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream.

No matter how severe your case, you are tired to say Milk's Emulsion under this guarantee—Take six bottles home with you. Use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c and \$1.20 per bottle. The Milk's Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.—Adv.

## For the Real Xmas Spirit

These days, holiday joys are not confined to candles, wreaths, bells, or even trees. The celebration that is without music lacks real Christmas spirit. On The Brunswick music is reproduced in tones that are exquisite. Music that thrills the very soul.

And why is Brunswick music different? Because it has a distinctly exclusive Method of Reproduction, due to two exclusive patented features.

## The Method of Reproduction

The new Brunswick Method of Reproduction is the most advanced and finest yet devised. In perfecting it all old standards were discarded. Heretofore the instrument you bought determined your range of choice of records. The Brunswick has lifted the ban on the selections of other makers. With it you play all records of whatever make. Moreover, it plays all records at their best. And all this by means of the Ultona and the Tone Amplifier.

## The Ultona

The Ultona—a scientific creation—is an all-in-one reproducer. It supplies, at a turn of the hand, the right needle, diaphragm and weight for playing any make record.

## The Tone Amplifier

The Tone Amplifier is the all-wood, vibrant throat of The Brunswick. It is oval shaped—moulded to meet musical and acoustical laws. Truer, richer, sweeter tones—those that were hitherto lost in phonographic reproduction—are restored by this great invention.

## A Brunswick Recital— Especially For You

Come here today. Tell us what records you like most and we will be glad to arrange a Brunswick concert for you. No obligation whatever. The pleasure is all ours.

## A CHALLENGE TO OUR GENERATION.

In the action of the executive committee of the Milford LaFayette-Bishop Post of the American Legion in assuming the deficit arising from the Home-Coming Celebration, there is exhibited a gracefulness which cannot be regarded as otherwise than admirable. It typifies in its spirit the manner in which these men served our country. Whenever of whatever they saw a duty to perform, or something to do that was helpful, in a worthy or deserving cause, they did it without hesitation or thought of self.

In the case of deficit they dislike the idea of seeing those of our citizens who labored so long and so strenuously to provide the greatest public event the city ever witnessed, having to assume or provide means for the shortage in the receipts for the celebration. Evidently they feel that these men have done their full share. The celebration having been given in honor of the boys who were their country's uniform, the members of the legion have an appreciation of the situation that merits the very highest praise on part of the citizens generally. Without obligation of any sort whatever, to even assist in raising funds to meet the deficit, and out of a generosity and with a rare selflessness such as the city has seldom if ever seen exhibited, the members of the legion have voluntarily assumed responsibility for the payment of the \$258.92 which constitutes the difference between the receipts and expenditures of the celebration committee.

How this money is to be raised has not been announced but the citizens of the community should make it unnecessary for the legion to make draft upon any funds now in its treasury, or that may be provided as proceeds from the forthcoming minstrel show. The local post will have other uses to which its funds can be applied, hence should not be expected to divert any part of them to making up the shortage in the expenses of a function which was designed as a community welcome to all service men whether members of the legion or not.

Under the circumstances the public spirited citizens of the community should regard the action of the legion as a challenge to their own generosity. There is absolutely nothing in connection with it indicating that it is considered as such by the legion members. They were quick to see the need of something being done and their first impulse was to do it just as it was always their impulse to perform everything in the line of duty when in the service. But the mere fact that the legion has expressed its willingness to meet the situation ought to impel some person or persons who belonged to "putters across" Judge Koppel so warmly commended during the war starting a movement which will make it unnecessary for the Milford LaFayette-Bishop Post to withdraw a single dollar from its own treasury to meet the deficit. At the same time every citizen ought to nominate himself as a member of a committee to join in boosting in every possible way so live, public spirited, generous, patriotic and loyal a body of men as the post is proving itself to be.

A group of persons who are willing to make good any deficiency in funds collected for the purposes of honoring the heroes of the war, the temporary spirit and disposition that deserve recognition of a substantial kind. No better opportunity to give such recognition has come to this community than now exists. We ought not allow the legion to extend us in generosity willing as we are to concede the greater valor and unselfishness of their service to our country.

## LIFTING OF FUEL BAN.

The lifting of the ban on the use of light, heat and power derived from the consumption of bituminous coal will be welcomed by the public and the merchants. Coming at a season when there is great activity in buying and such travel on the railroads the revival of the war-time regulations was regarded as a real burden and hardship.

During the war, when these measures were resorted to as a means of speeding up the program of preparation, they were regarded as necessary and were accepted in good faith and observed with cheerfulness by practically every person. The re-imposition of these restrictions in peacetime, even though the public realized it was for the purpose of providing relief to sections of the country suffering from a shortage in coal supply, was somewhat differently regarded. In general there was ready compliance with the orders but here and

there persons were found who were disposed to disregard them, assuming as they did that their convenience was more to be heeded than the necessities of persons less favored in the matter of coal supply.

This is the kind of selfishness that prevented some people from promptly taking steps on conservation of food and fuel during the war. Yielding to it may have resulted in personal gain and profit but it certainly has not increased the satisfaction that comes from a full and complete cooperation in all those things designed to provide relief or prevent distress among people who have been obliged to endure the discomforts and still greater losses arising from insufficient coal supply.

Important as the lifting of the ban on use of light and power has been to the local merchants, the removal of the restrictions upon production, distribution and use of coke is of greater significance to the Connelville region as a whole. The cutting down of coke output 25 per cent, or more as has been recently occurred in some parts of the region, has been more burdensome upon the industry than any of the regulations applied during the war. Then every effort and all the energy of the working forces were directed toward increasing production, the slogan being, "The furnaces shall not bank for lack of Connelville coke." That condition was prevented and the part the coke region played in helping to win the war has become historic in its importance and value.

Now, the conditions are vastly different. With the blast furnaces making unprecedented demands upon the region the order came to reduce the output of coke and ship raw coal instead. If normal market conditions had been permitted to prevail, as relates to prices, the coke operators would have had little cause to complain, but the price of coal having been fixed at a figure which is less than could be realized by converting the coal into coke, a decided loss has resulted from every ton of raw coal shipped. Had the generally accepted ratio between the price of coal and the price of coke been permitted to rule, the operators would have entertained no objections to a curtailment in coke production, the average producer preferring to ship coal without the trouble and expense of converting it into coke provided the price basis be right.

That operations have accepted the restrictions in the same spirit in which they meet the emergencies of war-time and have cooperated with the government in the utmost good faith in assisting to relieve the coal shortage in more remote parts of the country, is evidence that they have been actuated by the same motives and desires as have those merchants and manufacturers who have obeyed the light, heat and power regulations without question.

Both groups of citizens are deserving of the highest commendation for having willingly given first consideration to claims that are higher than questions of individual gain or profit. Satisfaction is theirs which less patriotic, loyal and public-spirited persons will never have the privilege or comfort to enjoy. And that will mean more and be a richer remembrance the longer these recedes from the periods in which the appeal was urgent to place the nation's needs or public necessity above selfish interests.

## Egg Market Glutted.

NEW YORK, Dec. 12.—Eggs dropped from eight to 10 cents the dozen in New York yesterday. A still further decline is expected. Large dealers are finding stocks accumulating so rapidly that they were forced to lower the prices. Standard grades sold today at 75 cents.

## Just Folks

By Edgar A. Guest.

## HE DID IT FOR ANOTHER.

He did it for another—gave his money and his time.  
He sacrificed his comfort just to help a boy to climb.  
And he missed the touch of glory and the fame he might have won.  
But he's happy and contented in the good that he has done.

He did it for another—stretched his hand out to a friend  
who might have kept to spend.  
For he gave away his treasure in the cause of one in need.  
But he's happier and richer in the record of his deed.

He did it for another—bore the battle and its pain.  
For the bigger life of freedom that his brother might attain.  
And men wondered when they found him lying silent in his place.  
How a man could die as he did, with a smile upon his face.

He did it for another—they are glad who pay the price, the temporary  
suffering and pain that which comes from sacrifice.  
And the man who thus consented  
to be one who gives up life for the welfare of his friends.

# BOARDER ALLEGED TO HAVE RUN AWAY WITH HIS LANDLADY

Thomas Obrocta Charges  
Frank Buzawa With Induc-  
ing Wife to Leave.

## WOMAN STILL IS MISSING

Husband Says He Wants Her Back to  
Take Care of Their Nine Children  
As He Can Get No One Else; Super-  
ior Athletic Club Wins; Notes.

Special to The Courier.  
MT. PLEASANT, Dec. 13.—Rev. J. E. Hartman, pastor of the Re-Union Presbyterian church, has adopted a novel method of advertising the church. A slide is run with the movies at the Grand Opera house, reading, "Religion and Education Are the Safeguards of the Nation. The Church is the People's University. The Re-Union Presbyterian Church is at your service as a comfortable place to learn and worship. Sunday mornings and evenings and Wednesday nights."

The Superior Athletic club defeated the Lafayette Juniors of Pittsburg by a score of 39 to 24 at the State armory last evening to the largest crowd of fans that have attended this season.

Wants Wife Back.  
Frank Buzawa, picked up by Chief of Police Robert Smith on a warrant from Thomas Obrocta, was taken by Constable Holmes to Uniontown yesterday where information will be made against him. Frank Buzawa was a boarder at the Obrocta home and worked at Melcroft and induced Mrs. Victoria Obrocta, it is alleged, to leave her husband and take with her \$2,500 of her husband's savings. A statement was made to the local police that Buzawa was a winner of ladies where the husbands had money, this being the fourth or fifth woman he had induced to run away with him. It was understood by the police that as soon as he gets the money he forces the woman to leave. Mrs. Victoria, left her home and nine children whom the father can get no one to look after. The husband would gladly take the mother home to her little ones could he find her. Police in all of the surrounding towns are looking for her. Club Function.

The Nemacolin club held an orchestra at their rooms on Church street on Thursday evening.

Legion Meets Sunday.  
The American Legion will hold a very important meeting at the Armory on Sunday afternoon at 2:30 o'clock when every man who has joined is asked to be present, or if you were a soldier, sailor or marine, and wish to become a member, Mr. McIntire, at the Corner drug store, will present any names for membership.

Get a Heer.  
Homer Bradlock of this place, John McCurdy of Tarry and Dr. Laughey of Scotland, returned Thursday evening from Bedford county where they brought down a deer. While all three shot at the deer, it was Dr. Laughey's shot that killed it. Charles Runbaugh cleaned and dressed the deer on Thursday evening.

Hospital Director.  
James S. Murtha has been appointed a director at the Memorial hospital to fill the vacancy caused by the death of the late J. Mc D. Byrne. The appointment has been made by the Orphan's Court at Greensburg. Mr. Murtha is one of the best known of the younger men in the coke business in this vicinity. For the past five years he has been Superintendent at the Carpenters' works of the Mt. Pleasant-Connellsville Coke company.

Church of God Services.  
Mt. Pleasant Church of God, Sylvester Fulmer, Minister. Sunday school at 9:15 A. M. Preaching at 10:30, subject, "A Door of Hope." In the evening, the congregation will attend the district Sunday school convention to be held at the United-ethren church.

## BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove it

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People suffer from constipation and quick relief through taking them. Dr. Edwards' Olive Tablets are a vegetable compound mixed with olive oil. They act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood, and purifying the entire system. They do that which calomel does, without any of the bad after effects. Take one or two every night for a week and note the pleasing effect. 10c and 25c a box.

Eight Children Had Croup.  
"I have eight children and give Foley's Honey and Tar to all of them," writes Mrs. P. Rehkamp, 2494 Harman St., Covington, Ky.; "they all were subject to croup." It loosens and clears mucus and phlegm, stops that strangling cough, makes easy breathing possible and permits quiet sleep. It contains no opiates, and children like it. Good for colds, bronchial coughs and the coughs that linger on after influenza or grip. Good for grown-ups as for children. Sold everywhere.—Adv.

Splendid Cough Medicine.  
"As I feel that every family should know what a splendid medicine Chamberlain's Cough Remedy is, I am only too pleased to relate my experience and only wish that I had known of its merits years ago," writes Mrs. Clay Fry, Ferguson Station, Mo. "I give it to my children when they show the slightest symptoms of being croupy, and when I have a cough or cold on the lungs a very few doses will relieve me, and by taking it for a few days I soon get rid of the cold."—Adv.

## At the Theatres

### THE SOISSON.

"THE RIGHT TO HAPPINESS"  
Miss Dorothy Phillips has established a new departure in that she has her personal representative visit the larger towns in which her big productions are to be played and arrange for extra exploitation on her masterpieces. "The Right to Happiness" which will be shown at the Soisson theatre for three days, commencing Monday, December 15.

James B. Kelly, general representative for Miss Phillips, visited Mr. C. A. Wagner, Friday, and spent the entire day with him going over, not only the outside advertising and newspaper exploitation, but also arranging the special music that will be played during the running of the production.

In an interview with a representative of this paper, Mr. Kelly remarked: "The Right to Happiness" is one of the world's greatest moving pictures; in fact nine out of 10 of the foremost critics have selected "The Right to Happiness" as the world's perfect movie and the tenth critic placed it second; therefore the moving picture public of this city is in for a rare treat next week at the Soisson.

"When Miss Phillips completed 'The Heart of Humanity' all thought she had done her best work, but in 'The Right to Happiness' she fooled us all, as it is at least 50 per cent better picture in every way than her former success. The picture is especially adapted to the Christmas season as it treats of love and happiness; the theme, moral, and general story are wonderful to the extreme, and Miss Phillips' work in the production stamps her as the greatest emotional actress appearing on the screen. She portrays one of the most difficult dual roles ever attempted by any actress.

Mr. Kelly also stated that Manager Wagner's action in reducing the price on this production to 15 and 25 cents, was to be commended and should be appreciated by everyone, as this production is being shown in New York and Philadelphia and other large cities at from 75 cents to \$1.50.

### THE SOISSON.

"JUBILO"—With Will Rogers in the principal role, is being presented today. Mr. Rogers is seen in the role of a kindly and lovable wanderer from Vagabondia—a hobo—a bit of human driftwood gliding slowly and aimlessly down the stream of life; a figure both amusing and pathetic. Work, water and worry he abhors as things to be avoided as one would avoid a pestilence; and the evading of them is to him a fine art at which he is a pastmaster.

Then into his life enters the miracle of love with his meeting a sweet, wholesome country girl. Life takes on a new meaning and he faces his new-found world with hope in his heart and a grim determination to make good. Disregarding all the precepts of hobodom he actually goes to work and workshops at the shrine of a woman. But his happiness is short-lived. A big train holdup takes place and Jubilo, to shield the girl's father whom he believes guilty, assumes blame for the crime and is bitterly denounced by the girl. His vindication comes in a thrilling climax in which responsibility for the crime is fastened upon another man, his rival for the girl's hand.

### THE PARAMOUNT.

"THE LADY OF THE DOGWOOD"—With Al Jennings in the leading role, is today's feature attraction. Al and his brother, badly wanted by the law and pursued by its officers, accidentally discover the dogwood in which the lady reside with her small son and drunken husband. Al rides 12 miles and back to get food from the nearest neighbor as the woman and child are starving. They afterward assist her in many ways, thereby incurring the enmity of the husband who cannot and will not understand their goodness of purpose. The picture is abundant in action and shows many incidents in an outlaws' life, all of which are faithful reproductions of the methods pursued by that calling.

## VERY ITCHY PIMPLES ON FACE

Got Worse. Could Not Sleep.

Cuticura Heals.

"Pimples broke out on my face and they looked like little boils. They were small, red, and festering, and they began to scale. They were very itchy and I had to scratch. I could not sleep.

"At last I saw an advertisement for Cuticura and sent for a free sample. Then I purchased a cake of Soap and a box of Ointment and I was healed." (Signed) Raymond A. Harrison, 1228 S. Bucknell St., Philadelphia, Pa., June 22, 1918.

**Cuticura Toilet Trio**  
Consists of Soap, Ointment and Talcum. Nothing so ensures a clear skin and good hair as using these delicate preparations for every-day toilet purposes. The Soap cleanses the Ointment to heal, the Talcum to powder. Then why not improve your complexion by using the Soap daily and the Ointment as needed to prevent pimples or other eruptions.

Sample Each Free by Mail. Address postcard: "Cuticura, Dept. B, Boston." Sold everywhere. Soap 25c. Ointment 25c and 50c. Talcum 50c.

## To the Public:

Conforming with the restriction order announced December 7th, through the Railroad Administration of the United States Government for the purpose of conserving coal during the present strike, it is the desire of this Company to co-operate fully with the efforts and instructions of the Government.

Particular attention is here called to the regulations affecting store window and sign lighting. All such lighting furnished from controlled circuits of this Company will be discontinued until the present restrictions are lifted. Where such lighting is furnished through metered service we earnestly request our consumers not to make use of the sign and window lights during the same period.

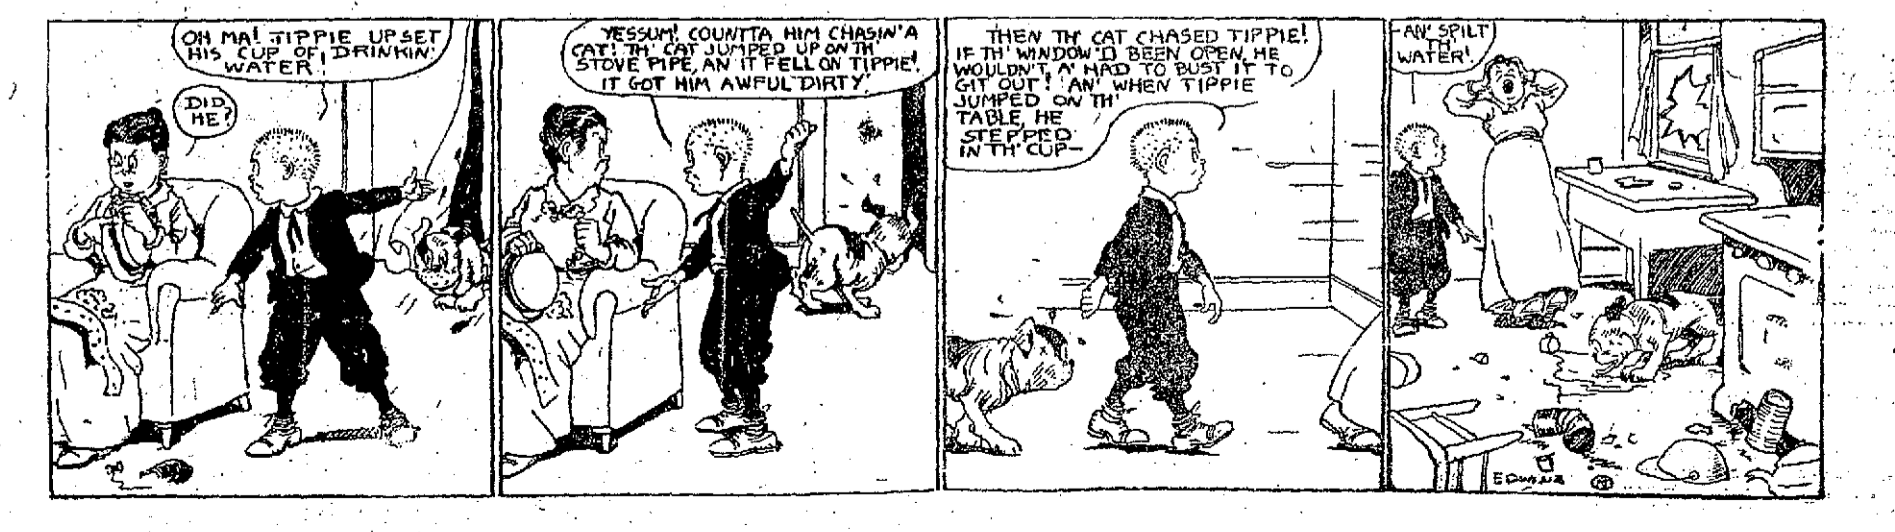

All lighting should be reduced to a minimum and attention is also particularly called to the fact that the order permits the use of electric lights in dance halls, pool rooms and bowling alleys between the hours of 7 P. M. and 11 P. M. only.

The use of electric elevators should be kept to a minimum, and all other provisions in the order as issued and which has appeared very generally in the public press, should be observed.

We trust that it will be necessary to maintain these restrictions for a short time only and invite careful co-operation in carrying out the provisions of the Government's order.

## Tobacco Habit Easily Conquered

A New Yorker of wide experience has written a book telling how the tobacco habit may be easily and completely banished in three days with delightful results. The author, Edward C. Woods, 19-21, St. John P. New York City, will mail his book free on request in plain wrapper. The health improves wonderfully after the nicotine poison is out of the system. Calmness, tranquil sleep, clear eyes, normal appetite, good digestion, manly vigor, strong memory, and a general gain in efficiency are among the many benefits reported. Get rid of that nervous feeling; no more need of pipe, cigar, cigarette, snuff or chewing tobacco to pacify that irritating desire. A genuine opportunity for the free book to-day. Now others are reading advertisements.

## A Proposition Worth Consideration

THE INDUSTRIAL GAS AND OIL COMPANY, a partnership concern, owns 3 leases in the heart of the McKeesport Gas Belt. One in the Snake Hollow District; the other two in Versailles Borough. One of these is located almost directly over the anticlinal line and about 250 feet from the first gas well in Pennsylvania. The other lease is about 150 feet from the Deutcher No. 2 Proposition. Part of our rigging is already on the ground. We will own our drilling tools and outfits, which we have already purchased and are now on their way. We have contracted with a widely experienced driller who has run tools in West Virginia, Pennsylvania, Ohio, Texas, Oklahoma and South America. We expect to be drilling by January 1st. \$100 buys a share in the 3 wells. Other leases in the best localities have been secured and these will be drilled as soon as the first three wells are completed as we will have our own outfits ready to work. The capitalization is \$31,000 per well including the entire drilling equipment. Stock may be had by calling S. C. Whipkey, or R. A. Neville, Connellsville, or R. A. Neville, Dawson. Map of entire gas district, showing well locations, may be seen at our office in the First National Bank Bldg., Connellsville, or at residence of R. A. Neville, Dawson.

## A Suggestion For Christmas

The tendency has been, during the past few years, towards giving useful and lasting Christmas presents rather than costly novelties which are soon tired of. Such gifts express the Christmas spirit just as effectively and are of real value to the persons who receive them.

No gift meets these requirements any better than West Penn Railways Company Preferred Stock. It is valuable because it represents an interest in properties of great value and because the owner is assured an income of \$6 per share per year. It is an income producing gift.

Another thing well worth while is that such a security is of inestimable value in time of trouble. If you need money badly and on short notice, and have a few shares of West Penn Railways Preferred Stock to fall back on, all you need to do is to take the stock to any bank and borrow money, using the stock as security for the loan. Buying yourself or some one who is dear to you some of this stock is a good way to providing protection against the dreaded "Rainy Day."

This is undoubtedly a new idea, but think it over. It deserves your careful consideration.

The stock is now being sold at \$82.00 per share at which price it yields 7.32% on the money invested.

### ARMORY CLUB WINS

B. & O. Clerks Are Snowed Under, 57 to 10.

The Armory club basketball team walked away from the B. & O. clerks last night on the armory floor to the tune of 57 to 10 in a one-sided game. The first half was a slow affair neither side playing fast basketball and the half ended 10 to 5 but in the second half the armory club woke up and made 47 points while the clerks were making five. Bill Lyon starred in his last floor work making baskets almost at will. The clerks sent in all their reserves and when the last whistle blew the Armory club was almost facing a new team.

Dancing followed after the game and a good sized crowd attended.

The line up:

### URGES PEOPLE TO FIGHT CATARRH WITH SIMPLE HOME MADE REMEDY

Can Make Pint at Home and Costs Little, Says Leading Druggist of Covington, Ky., Who Has Made Special Study of Catarrh.

**Says: Inflamed Nostrils Invite Influenza**

People who say that catarrh is a disease not to be taken seriously are harshly rebuked by a Kentucky druggist who has for years been much interested in the symptoms as well as the foul discharge of this loathsome, yet altogether too common disease. He claims that the sore, tender, inflamed membrane of the nostrils and throat is a prolific breeding ground for germs—not only the germs of influenza, but many other kinds as well. If people would only stop experimenting for two weeks and try a simple remedy made of Mentholized Arzene mixed with enough boiled water to make a full pint, half of the catarrh in this country would be abolished. It's really no joke for people who don't know about this simple recipe to be constantly sniffing and snuffling, blowing and hawking, when all these obnoxious symptoms as well as the foul discharge can be made to disappear in a few days. Ask for three-quarters of an ounce of Mentholized Arzene—that's all you need and after you have mixed it with enough boiled water to make a pint, gargle the throat twice daily and sniff or spray some up the nostrils, as directed. The tender nostrils will soon lose their soreness, heal up, and be clean and healthy. Important Reminder: Just as soon as anyone in the family gets a cold in the head, check it at once with this same medicine.

## WEEKEND BATCH OF ITEMS FROM OLD DUNBAR TOWN

Special to The Courier.

DUNBAR, Dec. 12.—Edward Hughes of Tucker, Pa. has accepted the position of superintendent of Oakmont farm, and moved to the superintendent's house at Beeson Hill Wednesday. Mr. Hughes has had years of successful experience on a farm and is in every way qualified for his new position. He will at once begin planning his next year's work, and with the first open weather will begin the same.

Thomas Jeffries, Sr., is erecting a new residence on his lot near Keffers. The new building is a modern two-story dwelling, and when completed will add materially to the appearance of that part of the community. He had at first contemplated improving the tenement house thereon, but this was found in such condition that the idea was abandoned, and the new residence planned. It was also found that the bank in front of the other house was crumbling along the line of the West Penna and that it was only a matter of

time until the building would be overhanging the track. When the new building is completed the old one will be removed and precautions taken to prevent the further slipping of the bank.

Advance sale for American Legion Minstrel opens Monday, December 15, 10 A. M., at Connelville Drug Co.—Adv-13-14.

William McGregor, who for the past six months has resided in one of the Blacka properties at Ferguson, moved Thursday from that place to Younger Hollow, North Union township. Mr. McGregor originally lived in that section, and only embraced the opportunity to purchase a property near his boyhood home.

Mrs. H. L. Brown of Pechin was shopping in Connelville yesterday afternoon.

Mrs. Mary Lynch of Morrill is quite ill with a complication of diseases. William Morrison, son of Thomas T. Morrison, of North Dunbar, is suffering with pneumonia.

Jay, a son of Mrs. Margaret Marietta, of the newspaper agency, is ill with pneumonia.

The following persons from this vicinity were among those Dunbarians who were delighted with "Freakies" at Connelville Wednesday evening: Mrs. Margaret McDowell, Miss Margaret Baker, Robert Rankin, Ewing

Miner, Miss Emma Golden, Mr. and Mrs. Fred Ward, Miss Mary Lou Smith, Mrs. Lina Flynn, Miss Mary Wise and Miss Anna Higgins.

As the result of a collision in the dark with a road wagon, Richard M. Keffers of Keffers is nursing a fractured finger and a lacerated ankle, but is able to deliver his papers and attend school.

Get your seats early, American Legion Minstrel advance sale opens Monday, December 15, 10 A. M., Connelville Drug Co.—Adv-13-14.

Dunbar borough schools will begin the Christmas vacation next Monday and the township schools one week later. Because of this decision on the part of the township school board the township teachers will be deprived of the opportunity of visiting the big county institute next week. This institute has always been a great event in the life of both teachers and schools, and its enthusiasm and inspiration will be greatly missed by many of the township teachers.

Miss Deilah Markley of Keffers has returned home after a very pleasant week's visit with relatives at Markleysburg, her childhood home.

Mrs. Sadie Ray Keffers, former well known Dunbar township school teacher, is now in charge of the Clairton postoffice to which she was appointed by President Wilson some time ago,

after a civil service examination, in which she distanced all competitors. Her numerous friends and pupils here will be glad to learn of her good fortune. The salary is slightly over \$2,000. She is a daughter of J. L. Keffers.

Mrs. Weyman St. Clair of Furnace Hill was visiting Mrs. Mattie O. Keffers of Ferguson road Wednesday, that being the occasion of Mrs. Keffers' twentieth birthday.

George and Sarah, children of Mr. and Mrs. William Senior of Dunbar, spent Tuesday as the guests of their grandfather, J. B. Senior, of Keffers.

Mrs. Raymond G. Holsing of the First National bank building was visiting her father, J. B. Senior, of Keffers, Monday.

Much to the delight of his parents the doctors have decided that the fingers of James Riley of Church Hill will not have to be amputated. While playing with his brother several weeks ago James' hand was struck by a hatchet and two fingers almost completely severed. He was hurried to the hospital and the hand dressed, but the doctors had little hope of saving the fingers. The fingers have knit nicely, however, and while one is yet slightly stiff, it is thought he will regain the full use of both. This was the decision reached last Monday when he accompanied Mrs. Daniel Harper to

the hospital for final examination.

Mrs. C. W. Baker of Pechin was a Connelville shopper this week. Other shoppers in the Young metropolis included Mrs. Sarah J. Holland and grandson Linley Province of Ferguson, Miss Pearl Baker of Pechin and Mrs. J. L. Keffers and son Fred H. of Keffers.

Do your Christmas shopping now. Mr. and Mrs. Mike Baker and daughter of Church Hill and Harry Baker and sister Beatrice of Pechin motored to Florence Sunday and visited Mr. and Mrs. Thomas B. Dolton of that place. Miss Jessie Baker, who had gone down on a visit and had taken sick, accompanied them home. Miss Jessie is improving slowly.

Mrs. G. W. Greenwood and children of Fayette street were visiting in Uniontown Saturday.

Harry Keffers of Ferguson road, who was taken ill with quinsy last Sunday, is rapidly improving.

Patronize those who advertise. Charles Dryner of Ferguson road has about completed the improvements on his residence. The house has been weatherboarded and will now be painted, adding greatly to its appearance.
